

## Request for Statement of Interest – Development of a Population Estimation Methodology and Spatial Ecology Assessment for the Cuban Hutia on Naval Station Guantanamo Bay, Cuba

The following pertains to the RSOI:

### **QUESTION AND ANSWER**

**Q:** Is the Request for a Statement of Interest a new solicitation for original work or does this request represent a continuation for existing work currently underway?

**A:** The proposed project is not a continuation for existing work. Various aspects of the proposed project have been conducted before in-house by Navy personnel, but this will be the first time it is conducted under a Cooperative Agreement by experts in the field of Mammalogy.
